## Product Specifications

Sunborn roller shades are available in a wide array of fabric choices including a line of PVC-free fabrics that are easily recyclable. Sunborn roller shades reduce unwanted glare and offer superior light control allowing you to enjoy your view. Our clean modern shades are made from a variety of styles and textures.

Select from over 100 fabrics that range from room darkening options to sheer transparent fabrics in a wide range of openness factors – all fire retardant.

Our roller shades are specifically designed for hospitality use and are manufactured to provide carefree operation. Our shades are custom fit to your windows and each shade is tested before shipment to ensure proper function.

## Features

- Chain driven clutch hardware system allowing for easy raising and lowering of the shade to any position in the window using our continuous bead chain system
- Compact clutch system holds the shade in place
- A wide range of fabric choices ranging from blackout to semi-transparent fabrics
- Widths available from 12" to 98" with a maximum height of 144"
- Motorized shades are available
- Helps protect furnishings from harmful UV light that can cause fading
- Increases energy efficiency for the property owner cutting down on heat gain and glare
- Fire Retardant – passes NFPA 701 Small Scale testing -1999
